National Conference  
on  
**CONTEMPORARY  
CIVIL ENGINEERING  
RESEARCH & PRACTICES  
(CCERP - 2012)**

20 - 21 April, 2012

Organized by

**Department of Civil Engineering**  
**Manipal Institute of Technology**

Manipal 576104, Karnataka State, India

**MANIPAL**  
UNIVERSITY

## Manipal Institute of Technology

Manipal Institute of Technology is one of the premier institutes in the country imparting quality education in engineering. Founded by the great visionary and founder of Manipal, Padma Shri Dr. T. M. A. Pai in 1957, it is the first self-financing engineering institute in India and is a constituent institute of Manipal University. The institute celebrated its golden jubilee in the year 2007. The institute offers 16 undergraduate programs and 24 post graduate programs in various disciplines. It also offers research programs leading to Ph.D.

## Civil Engineering Department

The Civil Engineering Department was established along with the institute in 1957. The department offers B.E. in Civil Engg. and M.Tech programs in Structural Engg., Construction Engg. & Management and Environmental Engineering. The department has well equipped laboratory facilities, qualified and experienced faculty. It offers consultancy services covering all areas of Civil Engineering. The Department is a recognized QIP Centre of the AICTE for both M-Tech and Ph.D programs.

## About Manipal

Manipal is a coastal town in Karnataka state, in Southern India, about 105 meters above the mean sea level and about 10 km from the Arabian sea. The town is just 5 km from the renowned temple city Udupi and 60 km from the port city Mangalore. Manipal is well connected by rail, road, and air. The nearest railway station is Udupi and the nearest airport is Mangalore.

## Objectives of the Conference

With the development of new materials, and analysis & construction techniques, the Civil Engineering field has advanced enormously in the recent years. Many innovative and scientific approaches have been developed in all the areas of Civil Engineering in the last decade. This conference intends to disseminate the knowledge and to provide a common platform for the research scholars, academicians, industry and practicing engineers to stay abreast of the latest developments and innovations in contemporary Civil Engineering.

## Conference Themes

The themes of the conference include the latest trends in developments and innovations in the following areas:

Coastal Engineering  
Construction practices and Management  
Environmental Engineering  
Geotechnical Engineering  
Remote Sensing and GIS applications in Civil Engineering  
Structural Engineering  
Transportation Engineering  
Water Resources Engineering

## Call for Papers

Technical papers related to the above themes are invited for oral presentation. An extended abstract of not more than 500 words focusing on developments and techniques are invited. The acceptance of abstract will be based on the peer review by the technical committee. Full length papers in soft copies should be sent after the acceptance of abstract. At least one of the authors of the paper should register and present the paper. The soft copy of the technical paper/abstract may be sent to the email id: [mit.ccerp.2012@gmail.com](mailto:mit.ccerp.2012@gmail.com).

## Format of the Abstract and Paper

The manuscript must be typed in MS word and should include the title, author/s detail and email id.

Title of paper: Times New Roman - 14 size (Capital Bold)

Text : Times New Roman - 12 size

Sub-headings : Italics 12 size (Title case Bold)

Line spacing : 1.5

Size of paper : A4
